# **Organisation Chart and Process**

## • Nature and Extent of involvement of Faculty and student in academic affairs/improvements

The Institute functions with decentralized administration that has complete transparency in decision making process. The Head of the Institute delegates various authority and responsibility to different members for overall coordinated development of the Institute.

Dean Academics is entrusted to oversee matters associated with the nurturing and fostering of academic environment of the Institution

Heads of the Departments are the controlling officer for departmental administration. Responsibility of Departmental teaching learning process is delegated to the Heads of the Departments. Faculty development is also delegated to the Head of the Departments. Relevant information from student feedback and annual appraisal is shared with HODs for further improvement. HODs in turn delegate various duties to their staff for smooth functioning of the department

Registrar is delegated with implementation of all non-financial and non-academic matters.

Examination work is delegated to Exam cell with a senior faculty member as Officer -in- charge of examination

Time table coordinator is assigned the job of time table preparation in each semester in coordination with all departments.

IQAC coordinator is entrusted with audit work regarding all academic matter in coordination with departmental members.

All Institute Industry collaboration related activities are delegated to IIPC coordinator.

Training, Placement and Career Guidance Cell related responsibility is delegated to a senior faculty member to conduct activities in association with HODs, TPCG cell members and departmental members

Library related development and management work is delegated to a senior faculty member.

Co-Curricular & Extra-curricular activities are delegated to various forum/Cell coordinators.

For the smooth functioning of the institute various other special committees are constituted where faculty members and students are integral part of the committees.

# • Mechanism/Norms and Procedure for democratic/good Governance

The Board of Governors of the Institute is the supreme administrative body. Board of Governors formulates policy and directs the affairs of the institution. It meets thrice or four times in a year to assess the performance of the institution and to discuss the future developmental activities. It is constituted as per the norms fixed by AICTE, New Delhi; Affiliating University and Govt. of West Bengal.

Other than Board of Governors, the institute has constituted several important committees as per statutory norms for smooth governance of the Institute. Conveners or In-charges of these committees are entrusted with authority and responsibility to fulfil the objective of that committee.

## Student Feedback on Institutional Governance/Faculty performance

Feedback system is well-organized in this institute. The students can give their online feedback by logging in to the Feedback software using their ID. Once they log in to the software, list of courses and corresponding faculty members for that student is displayed. Students give their feedback according to a questionnaire, which is analysed through the software.

A feedback index (in a scale of 5) is calculated for each course for all faculty members, which may be considered as a measure of student's satisfaction.

Various parameters of course-wise feedback report is graphically plotted for different faculty members which gives an overall idea of the quality of teaching-learning process for different courses.

The feedback report is shared with each individual faculty member for further improvement. Report of recommendation for improvement of individual faculty members of different departments are shared with concerned HODs for necessary action.

Feedback is collected online from the students through the same software on the facilities available in the college such as classroom, library, laboratories, canteen, internet facility etc.

Exit Feedback is taken about overall facilities from outgoing students.

Verbal feedback of existing students to HOD/Registrar/Principal is also considered for up gradation.

Also anonymous feedback is collected at the library and reception area via suggestion box.

	Continuous Feedback: Students' Feedback is taken through standard format at the end of each semester & and end of course for rectification & overall development. The feedback after analysis is used for improvement in identified areas towards overall development.
	Optional Feedback: Optional Feedback facility provided through (a) Institute Website (b) Drop Box at the Reception and (c) AICTE Website
•	Grievance Redressal mechanism for Faculty, Staff and Students
	Grievance Redressal mechanism is present in the Institute for staff, students and faculties. Also grievances can be communicated through faculty Co-ordinator / H.O.D / Registrar.
•	Establishment of Anti Ragging Committee

#### B. P. PODDAR INSTITUTE OF MANAGEMENT & TECHNOLOGY PODDAR VIHAR: 137, VIP Road, Kolkata - 700 052

Date: 07.10.2021

#### **CONSTITUTION OF ANTI-RAGGING COMMITTEE - 2021**

The Government of West Bengal has enacted Anti Ragging Law, "West Bengal Prohibition of Ragging in Educational Institutions Act 2000" to prevent ragging at the Educational Institution. Further, the Government has directed all Heads of educational institution of the State to form Anti Ragging Committee to implement strictly and punish the students indulging in ragging activities stringently as per the provision of the law.

The Supreme Court in its order, dated the 16th May 2007, has ordered a crackdown on ragging on campuses across the country. The court made it compulsory for Colleges and other educational institutions to register FIRs and said exemplary punishment should be awarded to offenders, so that it acts as deterrent.

In pursuance of the above orders and directives, an Anti-Ragging Committee is hereby reconstituted as per AICTE norms for the academic year

- 1. Modelling of rain drop size distribution from measurements of rain rate and attenuation at millimeter and optical wavelengths at Calcutta", A. Maitra, M. Dan, S. Bhattacharyya and A. K. Sen, Proc. Seventh URSI Commission F International Symposium on wave propagation and Remote sensing, Ahmedabad, pp 50-54, 20-24th Nov, 1995
- 2. Propagation of continuous waves and pulses at millimeter and optical wavelengths through the atmosphere, A. Maitra, M. Dan, S. Bhattacharyya and A. K. Sen, INCURSI Symposium on Frontiers of Radio Sc., Calcutta & Burdwan, 16-20th January, 1996, pp IX 9-11
- 3. An infra red digital communication link with transmission beam expander and receiving telescope for computer communication, S. Bhattacharyya, M. Dan, and A. K. Sen, Conference on Computers and Devices for Communication (CODEC '98), Calcuuta, India, 13-17 Jan, 1998
- 4. Comparative study of the performance of a multi wavelength communication link at millimeter and optical frequencies, S. Bhattacharyya, R. Bera and A. K Sen

	•	Soft Skill Development Facilities				
		The Soft Skill Development program-me is the need of the hour. It is the soul of success and satisfaction in one's career. Many people despite their technical skill and knowledge, fail to become effective individuals because of the lack of soft skills. The college has taken keen initiative to promote the students with effective soft skill training programmes both internal and external to cater to their requirements and to meet the industry needs. It is through Soft skill that the students can sell their ideas and opinions in a better way, create conducive environment of trust and openness, win others heart and create new markets and customers.

		As per University mandate, four Continuous Assessments are done for each theory course. For these various assessment tools are used viz. quiz, two class tests, two assignments, term papers/ micro projects etc. And for each laboratory course, two Continuous Assessments are done. Regular evaluation for each laboratory is done where lab performance, lab copy evaluation and viva are carried out for each				
		student. Also, a midterm exam for each of these laboratories is conducted.

#### 20 Best Practices adopted, if any

#### Institutional Values and Best

#### **PracticesTeaching-Learning**

Blended teaching-learning methodology combining classical chalk and board method with ICT enabled teaching method, is implemented effectively through the use of a Learning Management system. Simulationplatform like Virtual Laboratory is used effectively.

In classroom, students are encouraged to give presentations to improve their basic knowledge in the respective subject and also to develop communication skill and confidence. Beyond curriculum experiments and micro projects are encouraged to expand the knowledge boundary of students

#### **Induction Program**

Induction Program is organized for students to orient them and make them comfortable in the new environment. Also Bridge courses are offered to the new entrants for reinforcing their knowledge about engineering fundamentals.

### **MOOCs and Student Chapters**

Students are encouraged to register for MOOCs (Massive Open Online Courses like NPTEL and SWAYAM) and guidance is provided by the course mentor for solving the assignments.

The Institute has a NPTEL Local Chapter. Students' performance in NPTEL examination deserves appreciation with significant number of Gold, Silver and Topper certificates

The Institute houses three student chapters of International and national fame, viz. SPIE, IET and CSI. Students are also encouraged to be a professional body member for developing beyond curricular knowledge. Seminars and conferences are organised in upcoming technologies to enrich the knowledge of the students

#### **Innovative Laboratories**

Along with the curricular laboratories as prescribed by MAKAUT, three innovative laboratories, viz. Robotics Lab (in collaboration with Bombay, IIT), IOT & Embedded System Lab (Texas Instruments) and Mac lab have been developed where the students are regularly trained with the latest technologies

#### IIC & ED Cell

The Institute has an AICTE approved Institutional Innovation Cell (IIC) to promote innovation among students. Students are encouraged to

participate in different technical and other co-curricular events in campus or outside. They work on innovative projects under the guidance of faculty mentors and financial support is provided to them for their project and travelling cost for attending competitions outside. Students are nurtured on beyond curriculum topics with focus on implementation of innovative ideas that has received recognition at regional and national levels. Our students has actively participated in various competitions like Smart India Hackathon, Ideathon, Bengalathon etc. and won laurels for their work. The Institutional ED cell promotes entrepreneurial activities among the students.

## **Grooming & Training**

The Institute regularly organizes training sessions for students to develop soft skills and proficiency in English language. Soft skill training is imparted to students to enhance various

aspects of communication and also for personality development. Starting from beginning, training for aptitude, logical reasoning, sessions on coding and other emerging technologies are organized on regular basis for enhancement of their skills. At the end of sixth semester, brush up sessions by the faculty members and crash courses on technical modules by external experts are organized to prepare the students for placement interview

Mock tests are organized and the performance of students in different modules are shared to help them understand their weakness and thereby enabling them for further improvement.

Mock interviews by internal and external experts are organized. Also Lectures on corporate ethics and motivational talks are arranged.

T&P cell and Industry Institute Partnership Cell (IIPC) of the Institute regularly interacts with the industries for creating awareness about the industry requirements through various lecture sessions and industry collaborative programs. Regular Industrial visits and lecture sessions by Industry experts are organized to give the exposure of Industry environment to the students

Collaborations with industry are explored through several frontiers ranging from internships, innovative projects, training, seminars, workshops, certification courses, sponsored laboratories, etc.

### 360 degree Feedback

 The institute has a formal mechanism to obtain on line students' feedback for all courses to update the teaching learning process continuously according to the need of the students. The feedback is taken about various parameters of teaching learning for individual faculty and shared with the concerned faculty for further improvement. This gives a chance, especially to the faculty, to improve the way they interact with the students and the quality of teaching.

Also feedback is taken from all the stakeholders, like parent, employers and alumni members to ensure overall development

### **Mentoring & Counselling**

A faculty mentor is assigned for every batch of 20 students. The mentor regularly keeps in touch with the mentees and helps to sort out the issues related to academic performance or any other personal issues faced by the students. The faculty members also interacts with the students and advise them on all matters related to academics as required.

The Institute has one Professional Counselor who is available to provide guidance and counselling to the students on various issues maintaining confidentiality. To provide medical support, a MBBS doctor is also available on campus.

#### **Forums**

The Institute has six forums namely, Performing Arts Forum, Visual Arts Forum, Literary Forum, Sports Forum, Orators Forum and Technical Forum. To nurture their talent, the students are encouraged to enroll in different forums according to their interest. For overall development of the students, various extra and co-curricular activities like Tech fest, Cultural Fest, English Language fest, Coding Competition, Model Competitions, Annual Sports, Cricket Tournament, Football tournament etc. are organized.

#### Zero ragging

Anti-Ragging Committee and Anti-Ragging Squad is constituted as per AICTE norm to ensure zero tolerance to ragging in the Institute premises and in hostel.

#### **Alumni Association**

Registered BPPIMT Alumni Association provides support for the existing students through various activities for awareness about career opportunities, exposure of industry environment, sharing entrepreneurial experiences etc. and helps in the overall development of the Institute.

#### Motivation

To motivate the students, awards are provided for Scholastic performance in University semester examination, best Project etc. Also motivation is provided to the faculty and staff members through certificate of appreciation for teaching learning, research and other developmental activities.

### **Development of Universal Human Values (UHV)**

The Institute practices the culture of good human value by promoting ethical practices and encourages the faculty members to attend various FDPs based on Universal Human values (UHV). Other than ethical practices, human values like National integrity, Honesty, societal responsibility, environmental care etc. are enthused among the students through various activities like Blood donation camp, Sadbhabna Diwas, Independence Day celebration, tree plantation, development activities in slum areas, Social internship etc. organised by NSS cell

The Institute gives equal importance to professional ethics along with academics to prepare the students for handling different challenges of professional life. Also sessions are organized for awareness about corporate ethics and ethical practices in workplace.

### Gender equality

Institute ensures gender equality in every domain for all the staff members and students.

Equal opportunity is provided to the boys and girl students to participate in sports, cultural and various other curricular and extracurricular activities to spread the message of gender equality. The Institute also has the separate mechanism to look into the problems of female staff members and students.

#### Awareness about environmental issues

The Institute practices various methods to create awareness about the environmental issues.

The Institute follows Go Green initiative by encouraging paperless activities like e-notice board, SMS service, on line clearance and approval etc. Also to save power, the Institute has installed own solar power facility. In addition, various activities are organised for awareness about better environment. All such kind of activities are monitored by NSS cell. Studentsare encouraged to indulge in projects, in which global and environmental issues are addressed
